## SUMMARY

I am aspiring and driven. I overgrow on challenge and constantly set goals for myself, so I have something to strive towards. I am not comfortable with settling, and I am always looking for an opportunity to do better and achieve greatness. I am results oriented, constantly checking in with the goal to determine how close or how far away we are and what it will take to make it happen. I find this pressure inspiring and a great motivator for the rest of the team.
